# WELCOME MESSAGE

**Welcome Message from the Director Mr. Solomon Wiseman Adesa**

It is with great pleasure that I welcome you to Wiso Technics and Communications. Since our inception, we have been steadfast in our mission to provide innovative, reliable, and sustainable solutions that cater to the dynamic needs of our clients.

At Wiso Technics and Communications, we understand the importance of quality and trust in fostering long-term relationships. This belief drives our commitment to excellence across all our services—whether it's delivering state-of-the-art audiovisual systems, securing your spaces with advanced CCTV technology, ensuring energy efficiency through solar water heaters, or enhancing convenience with remote control gate systems. Each solution we provide is a testament to our dedication to innovation, sustainability, and client satisfaction.

Our team comprises skilled professionals who bring their expertise, passion, and creativity to every project, ensuring that we meet and exceed your expectations. We take pride in our ability to adapt to evolving industry trends and technological advancements while remaining firmly grounded in our core values of integrity, professionalism, and customer focus.

As we continue to grow, our vision remains clear: to be a leader in technology and energy solutions, empowering businesses and individuals to thrive in a rapidly changing world. We are honored to have the opportunity to serve you and are excited to collaborate on projects that drive positive change and create lasting impact.

Thank you for choosing Wiso Technics and Communications. Your trust inspires us to aim higher and deliver better every day. We look forward to partnering with you on your journey to success.

# ABOUT US

Wiso Technics and Communications was established in 2001 and has extensive experience in Audio Visual. To be successful in the audio-visual industry, it is important to have a combination of Wiso Technics and Communications expertise, a strong work ethic, and the ability to work well with a team. As experienced professionals with over 23 years of experience leading and executing audio-visual projects, we are well-equipped to fulfill the Audiovisual needs of your organization.

Our expertise in Wiso Technics and Communications allows us to produce high-quality video content, Simultaneous Interpretation, and other related services. Our strong work ethic ensures dedication and commitment to delivering the best results under tight deadlines. Collaboration with team members and clients helps us address potential issues and deliver results that align with our client's vision and objectives.

We have extensive experience in interpretation equipment management, interpretation services, sign language interpretation, film production, photography, film editing, sound engineering, music composition, and video creation.

We offer a state-of-the-art hybrid live-streaming service that delivers seamless and high-quality experiences for remote participants. Our service allows attendees to fully participate in events from anywhere and interact with others through multiple cameras and presentations. We are proud to provide a secure, reliable, and user-friendly live-streaming service customized to meet the unique requirements of each client, whether for small-scale events or large-scale conferences.

At Wiso Technics and Communications, we go beyond just producing meeting reports. We also design and produce educational manuals based on these reports. We aim to ensure that the information contained in these reports reaches a wider audience and is presented in an easy-to-understand format. Additionally, we believe that a picture is worth a thousand words, so we always include pictorial pictures alongside our meeting report captions.

These pictures not only make the reports more visually appealing, but they also help to convey complex information more simply. Our commitment to storytelling is reflected in every aspect of our work, and we take pride in creating engaging and informative content for our readers.

Our team has expert-level proficiency in a wide range of software applications, and we are skilled at collaborating effectively with industry experts, peers, and freelance teams. We are confident that our exceptional talents and abilities will prove to be immensely beneficial for your organization.

We look forward to discussing this role in further detail.

## OUR SERVICES

- Audiovisual services.
- Video creation and Film production.
- Remote control gates services.
- Interpretation services.
- Other services include CCTV services, Photography , Film editing, Sound engineering, Sign language interpretation and Music composition.

## OUR MISSION

- Our goal is to become a leading company in audio-visual content management and communication. To be a leader in technology and energy solutions, driving positive change and empowering our customers with world-class services.

## OUR VISSION

At Wiso Technics and Communications, we are committed to innovation, integrity, and excellence. We aim to build a better, safer, and more sustainable future through our expertise and dedication.

## OUR COMMITMENT

To help our clients create innovative audiovisual content that sets their products apart from the competition.

### THE VALUES THAT UNDERPIN OUR APPROACH: -

1. *The client is the focal point and everything must radiate and reflect on him.*
2. *The product must be targeted i.e., it must prove its efficacy in driving the message home.*
3. *Client participation is the key to product success and we are committed to enhancing a partnership to enable us to develop innovative products.*
4. *Show a very high sense of integrity while handling client information.*

We implement culturally sensitive ideas without limitations based on gender, race, religion, or language. and have proven efficiency in multicultural interactions and productions.
